

We make samples in batches, but in the meantime certain colours may go out of stock or be discontinued.

If a colour is included in samples you have received from us but it is not available on the website, **this probably means that the colour is either not in stock at the moment or has been discontinued** .

However, you are welcome to [email](#) us if you come across a case like this, as on rare occasions it may just be an omission on our part!
