

Can I request samples?

Yes, of course you can.

We provide a free sample service so you can see what our fabrics look and feel like before placing an order.

The samples we send out are colour swatches, i.e. cut-outs of our fabrics in all the colours they come in. You can ask to receive samples of any of our available fabrics.

You can request to receive samples by filling your details in the [online sample form](#) on our website.
