

Please print this page - Table Shield Protector Size Requirements for Oval Table Shape

Please complete the dimensions of your Oval Table with measurements in cm and fill in the relevant A,B, C and D values shown on the diagram. Please also enter your order reference and name, print the page and sign it before returning this form to us with the template/pattern as noted below.

You will need to send us a physical paper template / pattern depending on the size of your Oval table So:

- If your table is small we prefer to have a paper template/pattern sent to us for the complete size of the table top.
- If your table is large, make a paper template/pattern for the blue area.

Suggestion: You could use any type of paper to create the template such as brown paper, wrapping paper, tracing paper, greaseproof paper etc marked or cut out to match the actual size of the table OR blue area.
